

Zifan Wang (Atticus)

Mobile: 609-455-9838

Email: atticusw@mit.edu

I am a sophomore at MIT studying mathematics, primarily interested in homotopy theory and algebraic geometry.

Education

- 2022–2026 Massachusetts Institute of Technology, B.S. (expected)
- 2018–2022 Princeton International School of Mathematics and Science

Research

- 2023 2. Analytic Langlands correspondence for $\mathrm{PGL}(2)$ in genus 0 with wild ramification, with Daniil Klyuev. In progress.
- 2020–2021 1. Representation Stability and Finite Orthogonal Groups, mentored by Arun Kannan. *Algebras and Representation Theory* (2023), [link](#). Part of the [PRIMES-USA](#) program.

Awards and experience

- 2023 SPUR program, MIT math
- 2022 Top 40 Finalist, Regeneron Science Talent Search
- 2021 Gold Medal, International Mathematical Olympiad
- 2021 Winner (perfect score), USA Mathematical Olympiad
- 2021 Silver Medal, Asian Pacific Mathematical Olympiad
